Nothing is revealed regarding the outcome of the examination of the Disciplinary Committee yesterday afternoon except that the divergences of opinion among the political parties have been accentuated, and that the leaders of the Minseito Party are fearful of a bad split in the Party.

The complex relations between the Army and Government political parties have become exceedingly difficult and acute. The Asahi Shimbun adds: "Because the majority of the people are deeply concerned it is vitally necessary that the full text of Mr. Saito's speech should be made public in order that the people should know the truth."

HERR HITLER

PREMIER'S SPEECH IS WELCOMED IN SCANDINAVIA

COPENHAGEN, Feb. 25 (Reuter)—Mr. Chamberlain's speech aroused intense interest in the Scandinavian countries, where several points are regarded as particularly timely.

The Prime Minister's clear statement of the British war aims, especially his indication that Britain and France would not settle peace terms by themselves, have been specially welcomed.

It has always been the contention of the Scandinavian countries that they should be consulted in the task of building the lasting European peace after the war.

Mr. Chamberlain's reference to the difficult position of small States bordering on Germany aroused particular interest in Denmark, while his frank explanation of the British attitude in the Altmark affair appealed to the Scandinavian common sense.

LONDON, Feb. 25 (Reuter)—Herr Hitler, broadcasting on the occasion of the Twentieth Anniversary of the foundation of the Nazi Party, spoke from the Munich beer-cellar, where the policy of the Party was first drawn up.

Before the speech, the Bremen radio station was closed down and was still not on the air when the speech began.

The speech began with a historical survey in the course of which Herr Hitler declared that, after the Great War, Germany was the victim of a gigantic world swindle.

"It was true that we were not alone, because other were taken in too. Italy was deceived; India was deceived, for the Indians had been promised independence in the event of a British victory."

"The Arabs were deceived. Indeed, the Jews were also deceived, because the same territory which the Arabs were to receive, according to British promises, were also promised to the Jews."

BRITISH AND FRENCH TOO

"The British and French nations were deceived because which promised to them but, above all, the German people were deceived."

Herr Hitler declared that the German people placed "idiotic" trust in the promises of their opponents after the Great War.

WORLD JUSTICE

Of the new world of justice and disarmaments and peace, Herr Hitler proceeded to say: "Mr. Chamberlain, at a moment when the whole of India is protesting against him and the Arabs are fighting him, pretends that he is fighting against German domination of the world by force."

CHINA'S PEACE TERMS SUGGESTED IN CONCRETE FORM FOR FIRST TIME

Spring Arrives In France - What Now? Britain's Air Force Awaits - With Expectancy - The Days That Lie Ahead

LONDON, FEB. 25 (REUTER)—REUTER'S SPECIAL CORRESPONDENT WITH THE BRITISH AIR FORCES IN FRANCE STATES: Spring is arriving in France and the crews of hundreds of bombers and fighters, which are to operate on the Western Front, await, with some expectancy, the days to come.

One day a drome-dotted countryside was still deep in snow. Next morning the severity of the Arctic weather had been relieved by rain, sun and soft breezes.

A SEVERE TEST It was on Saturday, Sept. 2, 23 hours before the expiration of Britain's ultimatum to Germany and 23 weeks ago today, that they flew to their "battle stations."

phatic answer to the expected Nazi blitzkrieg. This order was never given.

LONG VIGIL

Twice, once in December and again in January, when the neutrality of the Low Countries appeared to be threatened, Flight Commanders kept long vigil by their operational telephones.

Bombs were loaded. The crews donned their balloons—like "Mae West" flying in specially heated, windstaid, the bitter cold aloft, and stood by. But each "snap" passed. The half-year spell of quietness has not been wasted. The forces have grown in size and power as fast as the production and needs of home defence allowed.

The achievements of the past will make simpler the new and more dramatic tasks which lie ahead of the new-comers and old slaters alike.

COMMERCIAL TREATY

FOURTHLY, China shall conclude a commercial treaty with Japan for the promotion of international trade. Japanese nationals in China must observe Chinese laws and be under the jurisdiction of Chinese courts.

The Daily Double returned \$376.20 for the correct combination of Willynilly and Palmer.

LEADING JOCKEY

SATURDAY'S SOCCER:

Kowloon Hold South China To A Draw: Eastern Beat Scots In Senior Shield

Only three First Division League Soccer matches were played off on Saturday, the Police versus Navy game having been postponed.

Kowloon surprised South China "A" by netting a last minute equaliser, both sides sharing six goals.

Playing three reserves, the Kowloon team took some time to get going, but towards the end they were playing excellently. Smith, in goal, however, was the mainstay of the Kowloon team, bringing off many brilliant saves.

THE PLAY

In the first ten minutes of play, Lal netted the first for the Chinese and within the next ten minutes Bell headed in the equaliser for Kowloon. Tang netted another for the Chinese and half-time was called with the score two-one.

Kowloon scored their second through a penalty taken by Jackson. Shortly after this China "A" effected several changes in their positions of their players. Lee Wai-tong took up the centre-forward position and Soong took pivot, while his position at left back was taken by Lal and Fung went to the inside right berth.

The changes proved fruitful, for Lee almost immediately afterwards sent in a smashing shot from close range to put the Chinese in the lead.

In the final minute of play, White headed in the equaliser off a corner taken by Bell.

THE TEAMS

KOWLOON.—Smith; Humphrey and Eastman; Maxwell, Williamson and Dawes; Tomasheysky, White, C. M. Santos, Jackson and Bell.

S. CHINA "A".—Tam Kwan-kon; Lee Tin-sang and Mak Shui-hon; Fok Yu-wah, Lee Wai-tong and Soong Ling-sing; Tang Kwong-sum, Lal Shui-wing, Fung King-cheung, Yip Pak-wah and Lau Taiman.

A "FRIENDLY"

In the other two games Club defeated St. Joseph's by the odd goal in three, while South China "B" defeated Kwong Wah by the same margin.

The result of the first-named match, however, is subject to the decision of the Hongkong Football Association, and will therefore, not be included in this week's football table.

The match was played as a "friendly," as the Saints could only field seven men, the rest of their team being made up of men of the International team, who had just completed a game on the same ground. The Club should, therefore, be entitled to a walk-over.

Both Club goals were scored in the second half, while the Saints goal was scored by an International player in the first session. McEwen and Strange scored for the Club.

DULL GAME

In the Kwong Wah versus South China "B" game neither team played exceptionally well and the game was dull and uninteresting. South China dominated play, but through faulty shooting were not able to make use of their advantages.

Lee Yau-leung opened the scoring for the Kwong Wah early in the second half. A little while later Lau Wai-pul netted the equaliser for S. China.

HOSPITAL SUPPLIES FROM H.K.

THANKS EXPRESSED FROM LONDON.

The following are extracts of letters from London in regard to the hospital supplies and knitted comforts sent from Hongkong by the British War Organisation Fund:

The Officer in Charge of Army Comforts acknowledges receipt of shipping documents of the first shipment that left Hongkong early in December. He writes:—

"I do not await clearance before writing to express on behalf of Army Comforts Depot our sincere gratitude for the gifts you have sent which will be despatched to the British Expeditionary Force, and I know be gratefully appreciated by the fortunate recipients. I would ask that all who helped may know how much their kindly thoughts and actions are appreciated at this end."

The British Red Cross Society and Order of St. John of Jerusalem have sent a similar acknowledgment and added:—

"Would you be so kind as to convey to the Ladies of the British War Organisation Fund at Hongkong, our great appreciation of the work they are doing on behalf of the sick and wounded."

The following acknowledgment has also been received from the Depot for Knitted Garments for the Royal Navy:—

"Will you thank the British War Organisation Fund for their magnificent gift of garments to the men of the Fleet. When they arrive they will be sent on immediately and will be more than gratefully received by them."

In all 38 cases have been despatched since the inception of the Organisation in Hongkong, and it is expected that fifteen or sixteen cases more will be shipped early next month.

ST. DUNSTON'S HOME
Arising out of an urgent appeal from St. Dunstan's Home, the President and Committee of the British War Organisation Fund, H.K. Branch, have decided to allocate a sum of £1,000 out of the funds in their hands for remittance to that Institution.

It is understood that donations to St. Dunstan's are also being utilised for assisting men and women of the Army, Navy and Air Force and members of the Regular Fire Brigades and Police Forces, who may be blinded in the present war.

LADY CLARK KERR EN ROUTE TO CHUNGKING

Lady Clark Kerr, wife of the British Ambassador to China, Sir Archibald Clark Kerr, was an arrival in the Colony yesterday from Shanghai and is en route to Chungking.

Mr. C. M. McDonald, North China correspondent for "The Times" was another arrival from Shanghai. Others from the northern port were Mr. J. J. Berman, Mr. S. C. Chao, Mr. N. B. Chen, Miss M. Davis, Mr. H. Hobbes, Mr. K. K. Hu, Mr. W. J. Kelly, Mr. M. Marston, Mr. Z. On, Mr. C. Toney and Mr. R. J. Weatherhead.

MAX MALINI BACK FROM MANILA

Arrivals in the Colony from Manila on Saturday were Mr. and Mrs. Allen Price, Dr. Heinrich Ruf, Mr. Max Malini and Mr. Ozair Malini. Mr. Price is British Vice-Consul in Canton. Dr. Ruf is consulting technologist for the Royal Dutch Shell Oil Company in Sumatra.

He is returning to his work in the Netherlands East Indies, and is accompanied by his wife and son. Mr. Max Malini, already a well known personality in Hongkong, is back here with his magic to perform once more before the local public.

Mr. Ozair Malini, who is following in his father's footsteps, is also a magician of some ability. One performance, we learn, was given on shipboard, a private show for the Purser's staff.

MORE AIR RAID WARDENS NEEDED

It is learned that, despite the fact that some 3,000 men and women have been qualified and possess Air Raid Warden Badges, there is still a shortage of about 2,000 Air Raid Wardens.

The total number required is 5,000, and an additional 400 to 500 qualified air raid wardens will be added to the registry shortly.

SITUATION IN CANTON NOT PROMISING

Interview With Dr. W. W. Cadbury

Bound for San Francisco and, eventually, Philadelphia, a personality who left the Colony yesterday was Dr. W. W. Cadbury, of the Canton Hospital.

The Hospital, Dr. Cadbury told the Daily Press, has fallen upon lean days and the situation in Canton today was no very promising. All of the Chinese doctors and nurses left after the Japanese occupation of the city and, at one time, there were only two European doctors left to cope with every duty.

Today, however, there is an Austrian refugee doctor at the hospital and some European nurses, and much welcome help and co-operation has been extended by Catholic missionary fathers in Canton.

200TH ANNIVERSARY
Dr. Cadbury, who is accompanied by Mrs. Cadbury, will be away for six months and long enough to officiate as representative of Lingnan University at the 200th Anniversary celebrations of the founding of the University of Pennsylvania.

These celebrations will be held about the middle of September of this year, and then Dr. Cadbury says he will be returning in time for the 100th Annual Report of the work of the Canton Hospital.

HONGKONG, FEBRUARY 25, 1940

CHINA & JAPAN - THE FUTURE

THE NEWS that has come from Chungking during the past few days clarifies further China's national policy in the changed international situation.

IN THE FIRST PLACE, at a time when democracy is being blacked out in large sections of the globe, a new move is being made towards the establishment of real popular government—the convocation of the People's Congress as the supreme organ of authority in the country. Secondly, internal unity, which has been subjected to an increased degree of strain, reflecting tendencies that have operated all over the world, is to be strengthened by means of give-and-take discussion between the Kuomintang and the Communist party. Thirdly, it has again been emphasised that all these developments are made possible by continued resistance, resistance which remains unchanged its aim of the complete liberation of the country on the basis of the Three People's Principles.

BOTH THE ANNOUNCEMENT of the new Constitution and the article on China's peace terms appearing in the Chungking "Ta Kung Pao," often a mouthpiece of Government policy (as in the case of the exposure of the Wang Ching-wei sell-out) stress that no compromise is possible on the meaning of China's territorial integrity, the restoration of which is the Government's major war aim. The Draft Constitution states that China's territory includes Manchuria, Mongolia and Tibet. The article in the "Ta Kung Pao" specifically mentions, in addition, the leased territory of Kwantung (with its ports of Dairen and Port Arthur) and the South Manchuria railway zone. It also demands the renunciation by the Japanese of extraterritoriality and "special rights" on Chinese soil and indicates China's interest in the fate of Manchuria and Korea by pointing out that the future of these countries must be determined by the wishes of their native populations.

WHILE CLAIMING these rights, the article makes it clear that China does not desire to annihilate the Japanese nation or to deprive it of opportunities of legitimate trade. It recognizes the common and complementary interests of the Chinese and Japanese peoples not only in the economic sphere, but in obtaining for the Asiatic races the equality which they are denied, expressly or by implication, in the immigration and other legislation of the Western countries.

IF THERE IS TO BE PEACE, then, it must be a peace based not on the imperialist ambitions of Japan's present rulers but on the things needed for the welfare of the Chinese and Japanese peoples alike. Since there is obviously no hope that such peace will be accepted in Tokyo today, China must continue to fight for it on the battlefield, confident that when the bankruptcy of their Government is fully revealed the Japanese people will themselves complete the task thus begun. Just as the neo-Shoguns re-iterate, with truth, that they will never get from the Central Government the kind of "peace" that they dictate to their own

Research In Cosmic Radiation

DR. R. MILLIKAN PASSES THROUGH

A through passenger from Manila to San Francisco, who spent two days in Hong Kong, was Dr. Robert Millikan, a Nobel Prize winner for Physics and one of America's two greatest physicists. Dr. Millikan, who is accompanied by his wife, is travelling back to California. Returning with him are Professor W. Pickering and Professor Neher, who were with Dr. Millikan in India doing research work into the nature and origin of cosmic radiation.

Dr. Millikan told the Hongkong Daily Press yesterday the work was being conducted under the joint auspices of the British Meteorological Service in India, the California Institute of Technology and the Carnegie Institute.

At the California Institute of Technology, Dr. Millikan is Director of the Norman Bridge Laboratory of Physics. He is known throughout the world for his important research work in the measurement of light and other allied fields.

GRAF SPEE CREW: BRITISH REQUEST

LONDON, Feb. 25 (Reuter).—The British Government has made representations to the Argentine authorities for the crew of the Graf Spee to be properly interned and that measures be taken to prevent their return to Germany.

No Force Was Used

U.S. ALLEGATIONS ON CENSORSHIP DENIED

LONDON, Feb. 25 (Reuter).—A flat denial was officially issued in London to the recent reports that the British authorities, on Jan. 18, used force in removing air mail from the Clipper on the U.S. trans-Atlantic service at Bermuda and that the necessary search was carried out by "marines with fixed bayonets."

It was authoritatively stated that no armed force of any kind was used and no clash occurred between the captain of the Clipper and the Bermuda censorship authorities.

It was added that the relations between all parties concerned were throughout of the best.

HELPFUL ATTITUDE

The local authorities have paid tribute to the helpful attitude adopted within the limits of their duties by the aircraft officials, and the United States Consul confirmed that the situation was handled courteously and tactfully, with complete lack of friction.

TRIPARTITE TRADE AGREEMENT

ROME, Feb. 25 (Reuter).—Italy has signed trade agreements with Germany and Turkey. Dr. Ciodius signed on behalf of Germany.

The agreements fixed the current trade between Italy, Germany and Greece for the coming year.

puppets, so China's leaders make it clear that the sort of peace they want cannot be reconciled with the aims of Mitsui and Mitsubishi, the Konoyes and Yonals, Hatas and Itagakis.

THUS, THE FIGHT GOES ON with, on China's side, not only the consciousness of her own growing strength, but the conviction that more and more the Japanese people will understand where their real interests lie and who are their real enemies. Already Japanese and Koreans fight as volunteers in the ranks of China's defenders, convinced that in this way they are defending themselves—Wataru Kajii, Aoyama, Ikeda, Kim Ohu and hundreds of former prisoners of war, true patriots and pioneers of a "new order in East Asia" which will be built not by the efforts of Tokyo's militarists and profiteers but on the basis of the utter destruction not only of their continental but of their power within Japan.

CHINESE CLOSING IN ON SIAOSHAN: FIGHTING GOES ON IN SOUTH KWANGSI

ON THE EAST CHEKIANG FRONT, Feb. 25 (Central).—Following the recapture of Kanchanchen, Yachienchen, Chientsingchen and Linpuchen, Chinese forces are now closing in on Siao Shan, on the south bank of the Chientang River, opposite Hangchow, where the Japanese have retreated.

ON THE SOUTH KWANGSI FRONT, Feb. 25 (Central).—About 1,000 Japanese infantrymen invaded Chulih, south-west of Funan, on Thursday afternoon. Subsequently to an encircling attack, they were routed the following day.

On the Nanning-Yamchow highway the Chinese are attacking Nanchin and Taitong. On the Nanning-Wuming highway the Chinese have recovered Taisan, a point near Kaofengyai.

NORTH HUPEH

FANCHENG, HUPEH, Feb. 25 (Central).—Chinese and Japanese forces in North Hupeh are battling at Pinglinshih, south-east of Suhsien.

The Japanese at Maping heavily shelled the Chinese positions on Wednesday. A number of gas shells were allegedly fired.

Tashtien, north-east of Kwangshu, on the Peiping-Hankow Railway, has been recaptured by the Chinese. The Japanese retreated toward Kwangshu.

TEAR GAS BOMBS

LINHO, SUYUAN, Feb. 24 (Central).—Tear gas bombs were allegedly dropped by Japanese air raids in and around Linho, south-west of Wuysai in west Suyuan, on Feb. 16 and 17.

More than 30 civilians, mostly women and children, were wounded in the villages around Linho, while an old woman was gassed in the town.

SOUTH KIANGSU

TUNKI, ANHWEI, Feb. 25 (Central).—Fighting has resumed in south Kiangsu as a Japanese force at Kintan, 17 miles south of Tanwang, has started a push toward Liyang, south of Kintan.

OFFERED "SQUEEZE"

ed one of the them as being the same man who had professed ignorance of the location of Wo On Lane earlier in the evening.

"YEN CHING"

Accompanied by these two foks I went to the corner of King's Theatre. On the way the whole of the conversation was based on how much money I would like or would take to give them "yen ching" for "yat kor lai pai." In other words, to let them off for a week.

"Give him one dollar" said one foki to the other as we walked along slowly.

The sum them veered between \$10 and 5 but I decided to ask for \$50 nothing less to see what would happen. An offer of wine was also made.

On hearing "\$50" the foks were, I think, rather shocked and said that they would have to consult their master. I agreed and we arranged to meet at the same corner where we had stood, at 11 o'clock.

Five minutes before the appointed hour, I made my way to the appointed place, and, after waiting for a few minutes, I was beckoned with a whistle by a thin Chinese who was wearing a felt hat.

"OUT OF QUESTION"

He asked me to accompany him back to Wo On Lane but, first of all, we were to have some wine. They would possibly agree, he said, to \$30 but \$50 was "out of the question."

After talking and haggling for about ten minutes the thin man decided to return to the gambling but before he left he asked me to meet him in a certain cafe on Sunday that is yesterday, when final details as to how much money, plus wine, would be arranged.

I returned once more to Wo On Lane. Gambling was in full swing. The crowd had no dwindled women were again in the majority. I left.

Needless to say, I neither kept the appointment nor lined my pockets.

The gambling establishment which I saw is one of many which manage to exist quite successfully all over the Colony.

Oratorio At St. Teresa's Tomorrow

"The Resurrection of Christ," Lorenzo Perosi's celebrated oratorio, which the Choral Group, under the direction of Maestro E. Gualdi, presented successfully last year at the China Fleet Club Theatre, will be repeated by the same talented singers at St. Teresa's Church tomorrow at 5.45 p.m.

Unusual and memorably musical, the oratorio deals with the death of the Saviour, His burial and His resurrection.

TECHNICAL SKILL

The composer is Director of the Choir of the Sistina Chapel, Rome, and the greatest living composer of sacred music.

The part of the Narrator, the principal part and one that requires great technical skill to perform, is being taken by Mr. Gaston D'Aquino, who is well-known to Hongkong music-lovers.

The part of Mary Magdalen is sung by Mrs. Sylvia Choy, whilst the part of Christ, consisting of several beautiful phrases embodying the Saviour's words from the Cross, is taken by Mr. Alec Greaves. The Choral Group will be supported by a full orchestra at tomorrow's recital. Tickets may be obtained at all music dealers or at the door.

PEACE TERMS

Continued from Page 1

FIFTHLY, settlement of the question regarding Korea and Formosa must be based on the principle of racial self-determination, and.

SIXTHLY, with regard to the unequal treatment of East Asiatic peoples in the family of nations, China shall, together with Japan, in international conference fight for international justice and equality.

Declaring that the conclusion of a secret agreement between Japan and Wang Ching-wei would never solve the problems affecting the two countries but would only further the Chinese people's determination to carry on the war of resistance, the Ta Kung Pao says: "China always had a sympathetic understanding of Japan's aspirations."

JAPAN'S POLICY

"Even when her military adventure in China collapses the Japanese nation, as such, will remain. Japan's policy, however, must be based on her historical and geographical conditions which favour the development of her fishing and shipping trade industries as well as international commerce."

"If China wins the war Japan need not fear Chinese retaliation, for China is only fighting for her territorial sovereignty and not against economic co-operation with Japan. She will not recognise Japan's special rights in China but she must consider the historical and geographical conditions between the two countries."

"If Japan's industrial and commercial enterprises secure proper expansion her population problem will automatically be solved. The nations bordering on the Pacific are all young and vigorous while modern advancement in communications will bring them closer to each other daily," the paper concludes.

BOYS' SCHOOL ON FIRE IN YAAN

CHUNGKING, Feb. 25 (Reuter).—News has just reached Chungking that on Feb. 4 in Yaan, on the Szechuen-Sekong border, a fire partially destroyed the United Church of Canada Boys' Primary School.

Several blocks in the central business district of the town are said to have been razed to the ground.

CANBERRA, Feb. 24 (Reuter).

The Australian Minister of Trade and Commerce has resigned. The Premier, Mr. Menzies, was sworn in as Trade Minister today following the resignation of the Cabinet.

DARING HOLD-UP IN SHANGHAI

SHANGHAI, Feb. 24 (Reuter).—With four pistols pointed at their heads, Mr. and Mrs. J. D. E. Shetter were held up for seven minutes in the early hours of this morning practically outside the gate of the China General Omnibus Co. of which Mr. Shetter is manager. After a search the Shetters were allowed to proceed, with nothing stolen from them.

Allied War Strength

EIGHT-AND-A-HALF MILLION TRAINED FORCES

LONDON, Feb. 25 (Reuter).—The New York World Telegram prints a Washington despatch from an "authoritative survey from official sources, which revealed today that the Allied powers have a total of trained land, sea and air forces of 8,500,000 men to face the 7,250,000 estimated German effectives in the event of a spring blitzkrieg."

The New York Times, in an editorial, entitled "Allied Ships in the Arctic" states: "The Allied blockade having already driven the German Merchant Fleet from the high seas, its presence in the Arctic is a sign that no corner of the sea highway is safe for German vessels on for ships trying to bring the snows of war to the blockaded Reich."

"Glorious Isolation"

DES MOINES, Feb. 25 (Reuter).—The United States must recognize that its former "glorious isolation" has vanished, declared Mr. Berle, Assistant Secretary of State, in a speech here.

He added that America was seeking to "show the world the peaceful way of living in which war will become silly, disarmament possible and the process of imperialistic expansion simply absurd."

RECONNAISSANCE ACTIVITY

BERLIN, Feb. 25 (Reuter).—The communiqué issued today reports local artillery and reconnaissance activity between the Moselle and the Palatinate Forest.

It claims that following air activity over the German-French frontier and Heligoland Bight one British and one French plane were shot down.

REPORT UNTRUE

LONDON, Feb. 25 (Reuter).—The Air Ministry states that the German claim with regard to the destruction of a British aircraft is untrue.

SIX ATTACKS

LONDON, Feb. 25 (Reuter).—The Air Ministry announces that the R.A.F. carried out reconnaissance flights over Heligoland Bight and North-west Germany yesterday for the third day in succession. One British aircraft was attacked by five Messerschmitts. Six separate attacks were made against the British aircraft but all were repulsed and the aircraft returned home safely after completing their task.

"A 'China News Agency' has been established by the Japanese in Peiping, according to a Tientsin message. Kuan Yi-hsien, a Chinese newspaperman, is the director." (Central).

America Will Keep Out Of War, Says U.S. Ambassador

NEW YORK, Feb. 25 (Reuter).—Mr. Joseph Kennedy, American Ambassador in London, who returned to the United States early in December, since when he has several times conferred with President Roosevelt on the European situation, has said for Europe.

Asked if he thought that the United States could keep out of the war, Mr. Kennedy replied: "I should think so, without any question."

Mr. Kennedy added that he was still working on plans for "swapping" certain British and American shipping routes. Mr. Kennedy declared that he had no idea of resigning his Ambassadorship.

PREMIER OUTLINES PEACE AIMS OF ALLIES IN MOST FORCEFUL SPEECH OF THE WAR

LONDON, Feb. 24 (Reuter).—"We have no reason to fear the result of this struggle, however long it may last," said the Prime Minister, Mr. Chamberlain, in a speech at Birmingham today.

In one of the most forceful of his speeches since the outbreak of war, Mr. Chamberlain re-stated the Allied peace aims, including as first essentials:

- (1) the restoration of the independence of Poland and Czechoslovakia;
- (2) tangible evidence that German assurances for the future will be fulfilled.

"Terrible stories are reaching us of the treatment of the conquered people of Poland and Czechoslovakia. The German aim today is not merely the conquest but the extermination of the peoples who resist their aggression."

NIGHT-MARE OF FEAR

The small states near Germany were living in a perpetual nightmare of fear.

"So little do the Nazis respect neutral interests that neutral ships are no longer safe from their attack, even when they are only sailing between neutral ports."

"Merchant ships are sunk without warning, cargoes are destroyed, the helpless crews are turned adrift to drown or perish of exposure, and the neutral country must not complain although—if, to save from the concentration camp 300 men illegally-made prisoners, Britain commits a mere technical breach of neutrality, taking no neutral life and touching no neutral property—the Nazis exhaust themselves in hysterical exclamations of indignation!"

NO REASON TO FEAR

"But whatever outrages the enemy may commit, one thing is certain. We have no reason to fear the result of this struggle, however long it may last. We do not stand alone."

FRENCH ALLY

Referring to the alliance with France, the Prime Minister said that "during this six months this has grown into a friendship and understanding so close that, as observed after the last meeting of the Supreme War Council by M. Daladier, the two governments were acting as one."

As with the governments so with the peoples. This intimate understanding is one which must not end with the termination of the war, but must rather help us to work out the problems of the new Europe in an association in which we shall gladly welcome the collaboration of others who share our ideals.

Already, said the Prime Minister, France and we have established close relations in every sphere with Turkey.

EMPIRE SUPPORT

After referring to "that hard-bitten force" on the British West Front, Mr. Chamberlain declared that Germany had again been gloriously disappointed regarding the support accorded by the Empire.

Mr. Chamberlain declared further—"I am amazed at the vastness of the effort, which the country is making and at the spirit of unity and resolution with which it is being conducted."

"I feel that today the nation is united as never before in all its history in its determination to grapple with the forces of evil and to overcome them."

NAZI FULMINATIONS

Quoting from the fulminations of von Ribbentrop and Goebbels, Mr. Chamberlain said:—

"So there you have the Nazi aims—the destruction of this nation and the domination of the world!"

"We, on the other hand, are fighting against a German domination of the world, but we do not desire the destruction of any people."

"We are fighting to abolish the spirit of militarism and the accumulation of armaments which is pauperising all Europe and, not least, Germany herself."

"Only by its abolition can Europe attain the security it needs and the nations of Europe be saved from bankruptcy and ruin."

"How, in concrete terms, are these aims to be secured?"

MINIMUM TERMS

"FIRSTLY, the independence of the Poles and Czechs must be secured."

"SECONDLY, we must have some tangible evidence that will satisfy us that any pledges or assurances given will be fulfilled."

"Under the present German Government there can be no security for the future. The elements who are ready to co-

operate in rebuilding Europe are ruthlessly proscribed. "France and Britain cannot and would not wish alone to settle the new Europe."

"Others must come in to help us, above all to bring about disarmament, which is an essential feature for a lasting peace."

"We are resolved that freedom shall prevail and it is because tyranny and intimidation have sought to prevail over freedom that we have entered the war."

"Until we are satisfied that freedom is safe, we shall continue to fight to the utmost of our strength and the strength of the whole Empire."

Earlier in his speech, Mr. Chamberlain referred to the aggression on Finland, speaking of the "Russian apprentice" who thought he could emulate Hitler's feats in Czechoslovakia and Poland by attacking Finland.

"The whole world is rejoicing over the heroic stand which is being made by little Finland against her gigantic adversary," he continued.

He had to stop speaking for several moments while cheers and applause for Finland shook the Town Hall.

WOMAN ASKED TO LEAVE HALL

LONDON, Feb. 25 (Reuter).—During Mr. Chamberlain's speech, in Birmingham, there was a cry from one man of "We Want Mosley for Peace," but Mr. Chamberlain continued his speech without hesitation.

Towards the end of his speech, a woman interjected the same slogan. She was asked to leave of the Hall and left amidst the boos of the audience.

MP's VIEWS.—Parliamentarians, asked to give their views on interruptions during the series of speeches by members of the War Cabinet, declared that these were individualistic, and not in the least compatible with the vocal opposition normally accorded Ministers of any Party when on a public platform.

Replying to the vote of thanks at the conclusion of his speech, Mr. Chamberlain said that, paradoxical as it might seem, he did not feel that the strain and anxiety was so much now as was the strain before the war, when it seemed that war might be averted.

Mr. Chamberlain added: "I am still young. Time is before me and I hope that even yet I may have some chance of putting my energies into the work of peace."

BURMA DEMANDS INDEPENDENCE FOR NATION

MADE PARTICIPANT IN WAR WITHOUT PEOPLES' CONSENT

RANGOON, Feb. 25 (Reuter).—The House of Representatives unanimously adopted a resolution expressing abhorrence of aggressive and ruthless governments inside and outside Europe and declaring complete sympathy with the oppressed and weaker nations which are at the mercy of powerful and aggressive states and cannot be aided to maintain their independence.

Another resolution, adopted without a division, stated that the House, however, regrets that Britain made Burma a participant in the war without the consent of the people of Burma.

In order to secure the co-operation of the Burmese people in the present war, it is essential that the principles of democracy, with adequate safeguards for the minorities, be immediately applied to Burma, which should be recognised as an independent nation.

Speeches by Burmese Ministers during the debate stressed the importance of the political advancement being made by constitutional methods.

BRITISH AID TO FINLAND

LIBERAL AND LABOUR VIEWS

LONDON, Feb. 25 (Reuter).—Liberals support for the demand that Britain should give more assistance to Finland was voiced by Sir Archibald Sinclair, Leader of the Liberal Opposition, in a speech in London.

He said that if Finland's heroic resistance to M. Stalin's oriental despotism were to be overcome, a heavy blow would be struck to the cause of freedom everywhere and the credit of the British and French Governments would suffer.

"Hall measures will not do; every nerve must be strained to help the Finns," he said.

LABOUR VIEW

On the other hand, the Labourite, Mr. E. Shinnell, in a speech at Durham, while "not excusing Russia in the least," deprecated any talk of going to war with Russia and asked: "What effect would it have on the national morale and how long would the war continue if we were led into such an escapade?"

HITLER'S SPEECH

Continued from Page 1

"God did not make the world for the British. It is not God's wish that three-quarters of the world should be ruled by one race."

"We demand the return of our German property of which we were robbed by international plutocracy."

ONLY NOBODIES

Herr Hitler remarked: "When I look at international statements opposing me, I must say I am fighting against nothing, but nobodies."

These people rule the greatest empire in the world, but are incapable of even eliminating unemployment in their own country."

Herr Hitler said that the Allies hoped to find others to help them in the war against Germany. "Their hope is partly well founded because of their Jewish accomplices all over the world but it is also partly unfounded."

CHURCHILL AND PREMIER

Turning to Mr. Winston Churchill, Hitler said: "Mr. Churchill says that he hates me and I thank him for the compliment. If Mr. Chamberlain says that he does not believe me I am happy, because he will have no chance of accusing me of being a traitor to the German nation."

Herr Hitler also said he was glad that Mr. Hore-Belisha and other British statesmen could not count him among their friends.

BOUND TO ITALY

"Germany is bound in friendship to Italy by the knowledge that our two countries will have to rely on each other in the future," he proceeded, "but our relations with Russia have changed."

"Our two countries are too good to bleed one another for the benefit of Jewish stock-brokers in London. Japan, too, maintains friendly relations with us. This means a powerful bloc of mighty states."

ARMY'S SPIRIT

"Our army is imbued with the spirit of its leaders. We are also better prepared economically than our opponents."

"Our enemies rely on their blockade which, incidentally, leaks but we are safe against blockades thanks to our system of autarky. Germany cannot be broken economically or militarily," concluded the Fuehrer.

"SCREAM OF DEFIANCE"

WASHINGTON, Feb. 25 (Reuter).—A "scream of defiance at Britain" was how the United States Radio described Herr Hitler's speech.

Groups of people gathered outside radio shops in Washington to hear the English translations. The speech appears to interest the general public more than Mr. Chamberlain's—probably because it is felt that the world knows where Britain stands but is less certain of Germany's intentions.

Hitler's speech, in fact, is regarded by some "a certain relief" to the talks he is expected to have shortly with Mr. Sumner Welles.

A National Government mandate issued on Saturday relieved Mr. D. C. Waun of his post of Vice Consul in San Francisco and appointing Mr. Chen Zing-yung to succeed him.

WAR IN FINLAND:

IMMEDIATE THREAT TO VIBORG REPORTED TO HAVE BEEN RELIEVED

HELSINGFORS, Feb. 24 (Havas).—With the Western end of the Mannerheim Line firmly anchored to the Kolisto Fort, and sleet and fog dampening Russian enthusiasm for persistence in their hammer-blows along the railway, it is believed by correspondents here that the immediate threat to Viborg has been relieved.

Attempts by the Soviet to cross the two miles of ice between the mainland and the island on which the Kolisto fortress stands, have broken down with disastrous losses.

WITHERING FIRE

Completely exposed to a withering fire from heavy guns and the cross-fire of machine-gun posts, several battalions have been all but annihilated.

Latest despatches indicate the whole 80-mile front of the Mannerheim Line was in action early this morning, but all reports hitherto have been highly favourable.

Substantial reinforcements have reached the Viborg area in the last 24 hours.

LITTLE PROGRESS

HELSINGFORS, Feb. 24 (Reuter).—The Russian thrust on Viborg appears to have made very little progress in the past 24 hours.

The nearest point Red troops have reached to the port is a good six miles from the outskirts.

It is reported that music and songs were heard from the Russian lines yesterday, presumably a celebration of Red Army Day.

SNOW AND FOG

Moscow, Feb. 24 (Reuter).—Operations on the Karelian Isthmus yesterday were hindered by deep snow and fog, according to a Soviet war communiqué.

The communiqué states there was nothing of importance at the front and adds that Soviet troops have occupied 12 enemy fortifications.

FORT CAPTURED

HELSINGFORS, Feb. 24 (Reuter).—Four thousand Russians lost their lives on Friday when the Soviets tried to capture Finnish fort on the island of Kolisto.

Rumours Of Clash Between Turkey & Soviet Troops Cause Excitement In London

LONDON, Feb. 24 (Reuter).—Tense excitement was created in London today by reports from correspondents in Belgrade announcing a clash between Turkish and Soviet troops on the frontier, and the declaration throughout Turkey of a state of emergency.

Later reports direct from Turkey diminished the value of the reports and finally Reuter's Istanbul correspondent cabled stating that enquiries had proved that reports of a declaration of state of emergency were entirely unfounded.

British official reports from Ankara up to 8 p.m. H.K. Time contained no confirmation of the Belgrade reports of a frontier clash and these too, appear to be without foundation in fact.

NO SIGNIFICANCE

For some time, it was believed in London that confirmation of the declaration of a state of emergency would be forthcoming, but later it was intimated that the rumours were probably due to confusion with the enforcement of the economic emergency law recently voted.

This law has no military significance. It is merely designed to adapt the national economy to defence requirements.

NAZIS RESPONSIBLE

It is also suggested that Nazi agents in Belgrade were responsible for the circulation of the rumours, with the purpose of creating an atmosphere of tension.

In view of the repeated attacks made on Turkey over Moscow Radio, the Turkish Government has issued a categorical denial of reports that the country now has 500,000 men mobilised and that 350,000 of them are concentrated along the Turco-Russian border.

TURKISH DENIAL

ANKARA, Feb. 24 (Reuter).—The Turkish Government, through the semi-official "Anadolian News Agency," categorically denies a Moscow report that Turkey had ranged 500,000 men along her frontier with Soviet Russia, and that she has built hangars near the frontier containing 500 new British, French and American planes.

NOTHING ABNORMAL

LONDON, Feb. 25 (Reuter).—Reuter's diplomatic correspondent

Soviet tanks were sent out over the frozen ice under the protection of intense supporting artillery fire.

The Finns let them advance to less than a mile from the fortress, and then opened fire behind the advancing Russians, smashing up the ice and cutting off the retreat.

PILED HIGH

Machine-guns and anti-tanks guns then opened fire and literally swept all life off the frozen ice. Bodies are now piled high, three deep in places.

According to the latest reports, the Russians are still five miles from Viborg, the civilian population of which has evacuated. Before leaving, they set the town on fire; when and if the Russians capture it they will merely have a pile of smoking ruins.

AN INCIDENT

ROME, Feb. 24 (Havas).—According to a despatch from Finland, an Italian volunteer travelling some miles behind the front saw two Soviet soldiers land by parachute.

They crept up on a Finnish sentry, and killed him. One of them then started to put on the sentry's uniform.

The Italian was too far away to warn the sentry in time, but he crept up on the two Soviet soldiers and "neutralised" all further action on their part with two well-aimed shots.

NO CHANCES TAKEN

STOCKHOLM, Feb. 25 (Reuter).—Reports from Helsinki state that parachute hoppers are again becoming more frequent, but the Finns are taking no chances with them. In most places they were shot while descending.

Air activity continues in the north and Rovanemi was bombed four times on Wednesday.

FEARS OF NAVAL CLASH IN THE ARCTIC OCEAN

LONDON, Feb. 24 (Reuter).—There is increasing evidence that the Allies are prepared to apply pressure on Soviet Russia from both the North and the South, should there be the slightest sign of a big Soviet backing of Germany.

This will particularly take form of cutting the iron life-line down the Norwegian coast and the oil-line from the Black Sea to the Reich.

Authoritative British quarters state that Russia is assisting Germany in the north by refuelling Nazi ships at Petsamo while Soviet submarines patrol the waters outside the harbour.

In the Black Sea, Soviet shipments of oil have increased, no less than 10,000 tons being reported to have arrived at one Soviet port for transhipment to the Reich.

IMPORTANT SIGNS

Important signs are also seen in the departure from Moscow for Murmansk by air of Soviet Navy

Commissar Kuznetsov, and reports in Stockholm newspapers that the Soviet Arctic Fleet is prepared to take action against any British ship interfering with Soviet-German trade.

Finally, the Soviet Black Sea Fleet has returned to Sebastopol "on completion of manoeuvres," and Soviet oil centres in the Caucasus now have nightly black-outs.

FEARS OF CLASH

COPENHAGEN, Feb. 24 (Reuter).—Fears of a clash between the Soviet Fleet at Murmansk and the units of the British and French Navies concentrated in the region of Petsamo, are openly expressed here, and the possible consequences are likely to be discussed by the Foreign Ministers of Norway, Sweden and Denmark, meeting today.

NOTHING KNOWN?

MOSCOW, Feb. 24 (Havas).—Semi-official circles here state they know nothing about movements of the Soviet Arctic Fleet or of the Navy Commissar.

MORE DIFFICULTIES FACE BOGUS REGIME PLAN

CHUNGKING, Feb. 25 (Central).—Chow Fu-hai, who recently went to Tokyo to confer with the Japanese authorities on behalf of Wang Ching-wei, has returned to Shanghai, according to a Shanghai dispatch.

It is said that he failed in his negotiations with the Japanese for a loan of \$40,000,000 and for their aid in winning the full support of Wang Kch-min and Liang Hsiang-chih, for the formation of the bogus Central Government.

MORE DIFFICULTIES

As a result of the failure of Chow's mission, more difficulties in the convocation of the bogus Central Political Council, which is to create the bogus Central Government, are envisaged. It was originally decided at the Tsingtao conference to call the Council in the middle of February.

Competent observers predict further delay in the formation of the bogus Central Government which has been lately postponed from Feb. 22 to Mar. 22.

They give two principal reasons to explain why the Japanese would favour further delay.

FIRST, in view of the current international situation it is extremely doubtful whether Germany and Italy will accord recognition to the bogus Central Government when formed. Meanwhile, its formation will further strain the relations between Japan, and Great Britain, France and the United States.

SECONDLY, the Japanese have realised the inability of the Wang Ching-wei clique to terminate the Sino-Japanese war. The desertion of many of Wang's followers

REPORT ENTIRELY UNTRUE

Silver Issue In North

LONDON, Feb. 25 (Reuter).—A special commentary says that the Foreign Office declared that there is no truth in the recent Domei report from London, published in the Far East, to the effect that "it is reliably understood" that Lord Halifax indicated to the Japanese Ambassador, on Feb. 24, that the British Government regards the silver question as virtually settled and intimated that Generalissimo Chiang Kai-shek had assented to the plan for transferring the silver to a neutral bank.

The same report attributes to Lord Halifax the further statement that Britain is prepared to alleviate restrictions on exports to Japan of such commodities as Australian wool and other Empire products, so long as the British war aims are not hampered and other neutrals are not enabled to demand similar treatment.

The Foreign Office state that this also is entirely untrue.

Following the expose of the secret agreement between Wang and the Japanese Government has caused them to lose confidence in the Wang clique.

Altmark A Warship-Agreed, Says Norwegian Minister

COPENHAGEN, Feb. 25 (Reuter).—In an interview dealing with the Altmark incident, M. Kibst, Norwegian Foreign Minister, stated: "There seems to be a great difference between us. We both agree that the Altmark should be considered as a warship, but for that reason she has the right to refuse a search."

"We also agree that a warship can pass through neutral waters without being stopped."

He added that if Norway and Britain cannot reach an agreement, Norway is willing to place the whole matter before any court of mediation, not necessarily The Hague Court.

learns that there is no confirmation in official quarters in London of the existence of anything abnormal in the political situation in Turkey.

Alarmist reports now current are regarded in London as likely to be of German origin.

SCOTLAND BEAT ENGLAND

A perfect drop goal (4 points) by Bidwell, in the second half, enabled Scotland to snatch a victory from England, when these two teams met at Causeway Bay on Saturday last in the International Rugby Tournament.

There were many last minute changes in both teams—England were without Luscombe, Beaupre and Ridsdale, whilst Scotland had to replace Hutchison, Wilson, Carruthers, Godfrey and Douglas. The English pack played well in the first half and completely dominated play, but were unfortunate not to score. Scotland rallied well after the interval to give a better account of themselves and, on the run of the play, fully deserved their victory.

ENGLAND:—Stevens (Navy); Berry (Army) Charter (Club) Paul (Navy), and Thompson (Club); Carter (Navy) and Foley (Army); Heasman (Club); Hewitt (Army); Blackman (Army); Bompas (Club); Needham (Club); Sheldrake (Army) Innis (Police) and Wright-Noth (Police).

YANGTZE RIVER NAVIGATION

Latest Japanese Monopoly Plan

CHUNGKING, Feb. 24 (Central)—Designed for the monopoly of river navigation, on the lower Yangtze, the Japanese organized China Steamship Company was formally inaugurated in Shanghai recently, according to a report from Shanghai.

The assets of the new Company consist mainly of cash investment by the "Reformed Government" of Hankow and private Japanese shipping concerns, as well as the wharf and godown properties of the China Steamship Navigation Company which have been forcibly taken over by the Japanese.

Informed quarters reveal that the nature of the new firm is similar to that of the Central China Railway Company and Central China Electric Communications Corporation, which is to control and monopolize the entire communications system in the lower Yangtze valley.

LOW FIGURE

As is with the case of the properties of the Kiangsu, Anhwei and Chekiang telegraph administrations, the properties of the China Steam Navigation Company were estimated by the Japanese at the low figure of \$2,000,000, at which they were taken over.

LONDON, Feb. 24. (BWS).—Discussions on Anglo-Latvian trade in war conditions are expected to begin early next week between the British Government and a delegation from Latvia who arrived in London this week.

The delegation is headed by M. Charles Zarine, the Latvian Minister in London.

U.S. Leads Foreign Tra

The United States occupied second place in her imports during the same year. According to the figures just received from the U.S. Customs, China during the same year had an adverse trade balance, whereas her exports totalled N.C. period.

The export figures, however, do not include the value of commodities shipped abroad on barter agreements, such as wood oil to America and tea to Russia. If the overseas Chinese remittances and contributions to their homeland—which amounted to at least \$600,000,000 in 1939—are taken into consideration, China's international payments actually showed a handsome favourable balance last year.

A table of imports and exports during 1939 follows:—

Imports (In N.C. \$'000).—Cereals and flour 223,657, Cotton and manufactories thereof 181,098,andles soap, oils, fats, waxes, gums, resins 109,274, Chemicals and pharmaceuticals 75,939, Metals 73,067, Machinery, tools 128, Books, Maps, paper, wood 60,762, Vehicles and vessels 780, Sugar 52,643, General sundry list 71,440.

Exports (In N.C. \$'000):—
Animals and animal products 3,436. Textile fibres 173,386. Ores, metals, and metallic products

NEW YORK COTTON: Large cotton goods' sales are reported. Bombay interests are showing the main interest in new crops.

NEW YORK RUBBER: The prevailing state of the world supply-demand situation deters buying. It is estimated that February consumption of rubber totalled around 52,000 tons. Eastern offerings were light.

CHICAGO WHEAT: The official forecast of fair weather conditions in the South-West over the week-end induced profit-taking and increasing hedge selling against loan withdrawals. The Trade is cautious and follows European news closely.

NEW YORK STOCKS: Previous close, 147.35; Today's close, 146.72; Change, off .63.

U.S. Experts Help Yunnan To Fight Malaria

CHUNGKING, Feb. 24 (Central) — Progress in anti-malaria work in Yunnan with the help of three American experts, Drs. L. L. Williams, B. Mayne and H. J. Bush, was reported by Dr. R. E. Brown, director of mission hospitals in Free China, who has arrived in Chungking after an investigation tour in Yunnan.

The three U. S. public health service specialists were sent to China to help in malaria-prevention in Yunnan some time ago at the request of Dr. H. H. Kung, Minister of Finance and vice-president of the Executive Yuan.

Dr. Brown recently accompanied them on a survey trip to the various malaria-affected districts of Yunnan. They travelled along the Yunnan-Burma highway as far as the Burma border.

During the tour, spleen examinations were made on several hundred school children to ascertain the frequency of the malaria epidemic, while the type of malaria prevailing in different districts was shown in the blood smears analyzed during such tests.

It was discovered that Chefang, Mangshih and Loiwing are the three worst malaria-infected areas in which a mosquito, unknown before, was found. Dr. Williams, leader of the American malaria-prevention mission to China, has opened laboratories in three places.

Dr. Brown said that he has opened a hospital at Loiwing which he hopes will become the best-equipped in Yunnan Province. At present, an X-ray machine is already in operation while 15 big cases of equipment have just

arrived from America. They include operation tables, sets of sterilizers for dressing, and water stills. Three staff members are being trained by Dr. Williams.

HEALTH STATIONS

Working in close co-operation with the American experts in the three malaria-infected districts are men of the National Health Administration, the Southwest Transportation Company and the Yunnan-Burma Highway Transportation Administration, all of which have set up health stations at different communication points in Yunnan.

Dr. C. Jung Sun of the Anti-Epidemic Corps of the National Health Administration, a medical graduate of St. John's University, and Dr. H. L. Wu of the Southwest Transportation Company, a graduate of Yale in China, are stationed in Chefang. At Mangshih, Dr. S. H. Lin of St. John's represents the Yunnan-Burma Highway Transportation Administration, while another St. John's man Dr. P. H. Chen represents the South-west Transportation Company.

CONSTITUTIONAL GOVERNMENT

Timely Publication By Canton University

With the object of stimulating
the interest of the Chinese public
in constitutional government, the
Canton University has recently
published a pamphlet which
made its appearance on Friday.
Devoted exclusively to the study
of the Chinese constitutional
draft of 1937, the publication
meets the demand of the time.
The introduction of constitutional
government in China is in line
with the principles laid down by
Dr. Sun.

Generalissimo Chiang Kai-shek
in his address to the People's
Political Advisory Council ad-
vocated the thesis that political
tutelage and constitutional gov-
ernment could go hand in hand
in perfect harmony.

The resolution recently passed
by the Sixth Plenary Session of
the Executive Committee of the
Kuomintang Party that a People's
Convention be called to adopt a
constitution showed the determi-
nation of the government to
carry out the programme of Dr.
Sun into effect.

Much discussion has been cen-
tered upon this subject, and this
timely publication will furnish
valuable material for reference.

THE CONTENTS

The contents of this pamphlet
include several articles. Mr. P. C.
Chen, President of Canton Uni-
versity, wrote the preface in which
he stresses the importance of
obedience to law on the part of
the populace.

"A Study of the Chapter on
Economic Life" was contributed
by Prof. Y. C. Chen, Dean of the
School of Law, in which he ana-
lyzes the provisions in the light
of the principles of livelihood.
Prof. N. Huang discusses the
role of local government in the
new political system, while Prof.
K. Y. Chen examines in detail the
various aspects of the Five-power
Constitution.

Prof. W. H. Tom, Dean of the
School of Arts, discusses the
chapter on Education and
Schools, analyzing the draft from
the point of view of an educa-
tor with constructive criticisms.
Finally Prof. B. C. Dai has written
on "The Guarantee of Individual
Rights and the Constitutional
Draft."

The journal is edited by Prof.
N. Huang, and printed by the New
China Cultural Service, Kowloon.

Mutineers Break Gaol In Blackout

Alfred Sparks, alias Watson,
one of the leaders of the Dart-
moor mutiny of 1932, escaped
from Dartmoor recently with
other convicts, after a gather-
ing in the prison chapel.

Using an improvised rope ladder
to scale the 20 ft. boundary wall
the three men vanished in the
black-out.

As warders started the hunt
over the bleak moorland, the news
was flashed on to the screen of
a cinema in Tavistock. Warders
watching the film were recalled
to join in the search.

Sparks, jailed for four years for
riotously damaging buildings at
Dartmoor during the mutiny, has
been described as "a determined
criminal."

The other two men are William
Nolan, aged thirty, and A. Marsh,
aged 38.

There was no indication which
way the men went after escaping
over the wall.

They had a good start, with
twelve hours of the black-
out in front of them, as they
are believed to have escaped
between 6 p.m. and 7 p.m.

Police are helping warders in
the hunt. All cars were stopped
within a wide area, and farms
and outhouses were searched.

A prison officer found wooden
forms and an improvised rope
lying at the foot of the twenty-
foot wall which surrounds the
prison.

It is thought they may have got
away when other convicts were
being marched to the prison
chapel.

KOTEWALL CUP WON BY SOUTH CHINA

CHEUNG WING-CHOI BRILLIANT

Showing superior skill and judg-
ment on the field, South China
A.A. yesterday, before a large
crowd at Causeway Bay, defeated
the Army by four goals to one to
win the Kotewall Cup.

Both teams played well, and
occasionally the Army forwards
caused the Chinese to do some
quick thinking, but it was evident
early that South China would cap-
ture the Cup in spite of the 1-1
score at half-time.

South China played without Lee
Tin-sang and Chan Tak-fai, whilst
Bright took the place of Guy, the
Interporter, at centre-half for the
Army.

The most brilliant player of the
afternoon was undoubtedly South
China's custodian, Cheung Wing-
choi, whose spectacular guarding of
the goal was a delight to watch.
Hossack was also good, and many
times led his line past Lam Tak-
po. Fung King-cheong's passing
was, as usual, excellent, but Lee
Wai-tong was closely watched by
Bright.

The first goal was scored by the
Army three minutes after the
whistle, when Fox netted from a
melee in front of the Chinese goal
that resulted from a fine attack-
ing rush by Shaw, Bundy and
Hossack.

Ip Pak-wah, however, soon
equalised from a rebound that
robbed Lai Shu-wing of a goal.

CHINESE LEAD

The score remained at 1-1 un-
til half-time. A few minutes after the
opening of the second session, the
Chinese, through Lai Shu-wing,
went ahead. Fed with a ball from
Soong Ling-sing, Lai managed to
secure a very fine goal, and later
added another in an encounter
almost at the goalmouth. Towards
the end of the game, Lee Wai-tong
shot the fourth goal.

The Cup was later presented to
the winners by the Colonial Secre-
tary, the Hon. Mr. N. L. Smith,
who was present with the Hon.
Sir Robert Kotewall, donor of the
trophy.

The teams were:—
ARMY: — Duncan; Naysmith,
Sheehan; Freshwater, Bright, Wil-
kinson; Hossack, Bundy, Fox, Shaw
and Thomas.

SOUTH CHINA: — Cheung Wing-
choi; Hau Yung-sang, Mak Shui-
hon; Kwok Yung-ki, Lam Tak-po,
Soong Ling-sing, Yung Shui-yik,
Fung King-cheong, Lee Wai-tong,
Lai Shu-wing and Ip Pak-wah.

Social Ills Blamed For Child Crime

Twenty years of study in
Chicago of methods to reduce and
prevent child delinquency in areas
with high juvenile delinquency
rates formed the basis of a report
given before the section on
criminology of the 34th annual
meeting of the American Sociologi-
cal Society in Philadelphia.
Clifford R. Shaw and Jesse A.
Jacobs of the Illinois Institute for
Juvenile Research are directing the
study and gave the report.

"Delinquency," reported Drs.
Shaw and Jacobs, "is only sym-
ptomatic of deeper social ills," such
as high rate of economic depen-
dency, tuberculosis, infant mortality,
and mortgage foreclosure, for ex-
ample.

Delinquency "cannot be attribut-
ed to factors inhering in race
or nationality groups" nor are
the children basically inferior.
Delinquency is a group experience,
they reported.

NOT EFFECTIVE

Drs. Shaw and Jacobs have found
that correctional schools and re-
formatories are not effective in
aiding offenders to become law-abiding
citizens, and they therefore attack-
ed the problem from a different
angle. They are trying to develop
"the fullest possible participation
through active leadership of re-
sponsible residents of the
neighbourhood by providing them
with facilities and professional
guidance in planning their own
programme for the welfare of their
own children."

The Chicago Area Project is thus
directed "toward building a new
community life, as a result of the
efforts of the local people, on the
basis of a newly-formed body of
public opinion, and constructive
attitudes and interests."

Dr. Edwin H. Sutherland, retiring
president of the Society, also spoke
on the problems to be confronted
by society in fighting crime.
